The YMCA of SWNS

There is potential inside all of us. But obstacles can get in the way: fear, doubt, a lack of affordable housing, isolation, discrimination. The Y believes everyone has the skills and ability to achieve. Every obstacle can be met with support, positivity and guidance. Every single person is worthy of the opportunity to shine. And when each of us shines, the collective strength of an entire community can be realized.

Testimonial from a Parent of a child in Childcare at the YMCA:

It's a good feeling knowing your child is being taken care of, but knowing that my child feels loved, puts that feeling on a whole other level. I will never forget the staff who have loved my girl, she will never forget them either. I am beyond grateful for the experiences she has had and will continue to have.

Best staff ever!

Testimonial from youth, age 16, who participates in youth centre programs:

"I've learned that I am definitely a very anxious person, and although I'm anxious and although I feel like nothing's going to work out, people are there to catch me, and that makes me feel really good. This is a place where I can have fun, I belong, it's interesting, and I got to meet a lot of cool people through it."

Bill Harding, a member at the YMCA

I highly recommend that people of all ages and genders enroll in the YMCA programs. Particularly their Wellness Program(s). Especially if you are an older adult. You may gain back your physical and even your mental health! I am sure your doctor will agree. And don't forget proper diet or get on one soon.

The obstacle:

Many families in Lunenburg and Queens Counties lack access to high-quality, inclusive, and affordable child care.

The Y's response:

The YMCA of Southwest Nova Scotia is committed to making quality, affordable, flexible, and inclusive Early Learning and Childcare accessible to all families.

In 2024-2025, the Y expanded its support by launching four new Before and After School Program (BAP) sites in Berwick, Somerset, Bluenose, Hebville and Chester.

The obstacle:

Lack of accessible mental health and addictions support for youth ages 12–25 in Southwest Nova Scotia.

The Y's response:

Through Integrated Youth Services (IYS), the YMCA and community partners will provide easier access to mental health and addictions support for youth and their families in Lunenburg County and Queens County. Coordinated with the IWK Mental Health & Addictions Program and government partners, IYS offers in-person, outreach, and virtual services for youth ages 12–25. Projected to open in the Fall of 2025.

— Our Strategic Priorities —

Children and youth shine with access to safe and welcoming spaces

By leveraging our strengths and collaborating with partners, we will establish and expand services for families across the region. Children and youth thrive with access to quality and inclusive programming.

We are committed to meeting needs in our region's rural areas so that all children and youth are connected and feel a sense of belonging.

People live brighter lives with **better physical and mental health**

By leading or working with like-minded organizations we will broaden the reach of our community-based healthcare solutions. With the right opportunities people of all ages adopt behaviours to achieve lifelong health.

We are committed to removing barriers and supporting individuals wherever they are in their health journey.

We are a **thriving organization**, equipped to ignite the best in our communities

By shining a light on the impact of the YMCA we will attract staff, volunteers, and partners who adhere to our values and are inspired by our vision. Strong partnerships and financial models will position us to respond flexibly to community needs and opportunities.

We commit to continual adaptation and innovation to have greater impact and relevancy in the communities we serve.
